EXECUTIVE SUMMARY

The Greenways Land Trust works to enhance the community through the creation, protection, and management of greenways. The society is run by a volunteer board of directors and had one full time and nine part time or seasonal staff members in 2003. The GLT completed 22 funded projects in 2003, including stewardship and mapping projects, children's education programs, and land conservation activities. In order to upgrade their skills and information base, volunteers and staff attended or coordinated four training events and workshops in 2003. The GLT is involved in community planning, and provided comments on seven major planning processes. The GLT takes an active role in the community; throughout the year, directors and staff attended regular meetings of 16 local groups and organizations. In 2003, the GLT promoted the society and other groups' endeavors at 11 public events. The GLT previewed six possible cases this year of conservation covenants and land management. The Greenways Land Trust gratefully recognizes the support of 59 sponsors.

INTRODUCTION

The Greenways Land Trust is a charitable organization that was established in 1996, in order to address the community's expressed desire to preserve greenspace and develop a pedestrian trail network. The Land Trust's founding members included staff from the District of Campbell River, the Ministry of Forests, and Fisheries and Oceans Canada, as well as volunteers from local businesses, stream stewardship groups, academics, and community-minded individuals.

The mission of the Greenways Land Trust is to enhance the community through the creation and management of greenways networks, based on principles of stream and land stewardship and development, within public and private property partnerships.

The goals of the organization are:

- To work with the District of Campbell River, community stewardship groups, and landowners to plan and develop a Greenways Habitat Corridor System.
- To act as a community resource centre on issues of land and stream stewardship.
- To act as an agency to accept and manage environmentally sensitive land.

The area of interest covered by the Greenways Land Trust is from the Oyster River to Chatham Point, and from the height of land on Vancouver Island to the mainland coast.

The information contained in this annual report covers the twelve-month period from January 1, 2003 to December 31, 2003.

This report describes the profile of the organization during this time, and summarizes the projects and activities completed. Further information is always available from our office.

ORGANIZATIONAL PROFILE

The Greenways Land Trust is a non-profit society (S36048) with charitable status (888992534 RR0001). A volunteer board of directors is elected by the membership at the Annual General Meeting for a term of one year. The Board of Directors in January 2003 consisted of the following members:

President:	Ron Burrell, Registered Professional Forester
Vice President:	Jerry Fletcher, Aquaculture Technician - Semi-Retired
Secretary:	Bob Dice, Engineering Program Supervisor – Ministry of Forests
Treasurer:	Kent Moeller, Chartered Accountant, Principal– Moeller and Company
Director:	Irv Penner, Forestry Consultant
Director:	Chuck DeSorcy, Electronics Specialist - NavCanada
Director:	Barry Ross, First Mate and Ship's Technician

At the Annual General Meeting, held April 9, 2003, Bob Dice took on the new title of Secretary / Treasurer, to replace Kent Moeller, and John Ebert, Retired, was elected as a Director. The remainder of the Board were re-elected to their former positions.

The Greenways Land Trust employed the following staff during 2003:

Lucy Reiss, Executive Director (full time, January-December 2003)
Kathy Campbell, Stewardship Coordinator & River Kids Coordinator (full time, January to March 2003 part time, July-August 2003)
Christine Kuta, Mapping Technician (full time, January –June 2003; part-time, June-Dec 2003)
Barry Hall, Watershed Technician (full time, January – March 2003)
Julie Sigurdson, Community Environmental Steward (full time, January – March 2003)
Kristal Atkinson, Summer Student (full time, May – August 2003)
Eric Garber, River Kids Camp Assistant (full time, July-August 2003)
Jess Campbell, River Kids Camp Assistant (part time, July-August 2003)
Sarah McPherson, Planting Supervisor (full time, November-December 2003)
Adam Panziera, Planter (full time, November – December 2003)

The Greenways Land Trust was grateful for the support of 39 individual members in 2003.

PROJECTS

New Projects

The GLT initiated a number of new projects in 2003. Project names listed are the same as those on the application for funding, with the working name in brackets. Brief descriptions follow, in alphabetical order:

Project Name: *Baikie Area Buffer Planting (Baikie 2003-4)*

Description: A vegetative buffer will be created between protected green spaces in the Campbell River estuary and adjacent privately owned lands.

Products: Buffer completion.

Funding approved: \$70,000 – funder to cover expenditures directly.

Funding agency: District of Campbell River, Nature Conservancy of Canada

Duration / Status: Ongoing.

Project Name: *Backchannel Creation on Baikie Island – Phase 1 - Planning*

Description: The preliminary planning and assessment for the creation of two new backchannels on Baikie Island will be completed, with a goal of constructing the channels in the 2005 fisheries window.

Products: Planning study pending in 2004.

Funding approved: \$3,900

Funding agency: Pacific Salmon Foundation. Approvals pending from BC Hydro's Bridge Coastal Restoration Program (\$4,950) and Nature Conservancy of Canada (\$6,300)

Duration / Status: Start date set for April 2004.

Project Name: *BC Coastal Eelgrass Stewardship Project (Eelgrass Mapping 2003-4)*

Description: The GLT, along with 20 other coastal groups, is participating in an eelgrass inventory and education program.

Products: Ongoing. Map products from the groups can be viewed at www.shim.bc.ca

Funding approved: \$5142- 30% received in 2003, 70% pending for 2004.

Funding agency: SeaChange Marine Conservation Society is administering the funds from Environment Canada (EcoAction), Bullitt Foundation, Real Estate Foundation, VanCity Savings Credit Union, Project AWARE Foundation, Public Conservation Assistance Fund, Sophie Danforth Conservation Biology Fund, and Pacific Salmon Foundation.

Duration / Status: Ongoing. Completion date: May 2004.

Project Name: *Beaver Lodge Forest Lands Management (BLFL)*

Description: The GLT is working with the Ministry of Forests, Beaver Lodge Trust Committee, District of Campbell River, and North Island College to negotiate a community-based management structure for the Beaver Lodge Forest Lands, and methods to achieve that goal.

Products: Ongoing.

Funding approved: None thus far. Applications submitted to Softwood Industry Community Economic Adjustment Initiative and Evergreen Savings Credit Union were both declined. Revenue from salvage harvest completed in late 2003 will be received in 2004.

Funding agency: N/A

Duration / Status: Ongoing.

Project Name: *Earth Day 2003***Description:** The “Pitch in for the Estuary” event was coordinated and implemented for April 22, 2003.**Products:** Over 90 volunteers removed Scotch Broom, Himalayan Blackberry, and garbage from the Maple Street trail along the Campbell River Estuary and Baikie Island.**Funding approved:** \$1053.27. Additional donation of \$1000 from Starbucks.**Funding agency:** Nature Conservancy of Canada.**Duration / Status:** Complete

Project Name: *Oceans Day 2003***Description:** The GLT and Discovery Coast Stewards participated in the coordination, promotion, and implementation of this public awareness and education event.**Products:** 300 people participated in a community-wide event promoting ocean stewardship.**Funding approved:** \$1500 –received in 2003; \$738 earned via raffle and dunk tank**Funding agency:** Fisheries and Oceans Canada (\$1000), Pier St Business Association (\$200), and Heritage Aquaculture (\$300).**Duration / Status:** Complete

Project Name: *Public Involvement Program 2003-4 (PIP 2003-4)***Description:** Funds were distributed to local stewardship groups for a variety of projects, including stream restoration, fish fences, watershed assessment, River Kids, water flow studies, administration, and GIS support for stewardship.**Products:** Various. Inquire at GLT office for details.**Funding approved:** \$22,000 – 90% received in 2003**Funding agency:** Fisheries and Oceans Canada**Duration / Status:** Ongoing. Completion date: March 2004

Project Name: *River Kids 2003***Description:** Kathy Campbell coordinated the implementation of a summer long educational program for 8-12 year olds, with assistance from the crew of summer students.**Products:** 153 participant days of programming were presented in eight different watersheds. Each day included streamside hikes with nature interpretation, arts and crafts related to fish and wildlife, active games, and healthy snacks donated by local merchants.**Funding approved:** \$5760 –received in 2003; \$1512.50 earned from parent fees**Funding agency:** Pacific Salmon Foundation (\$3060), Fisheries and Oceans Canada (\$1250), Destiny River Adventures (\$200), Upper Island Diabetes Prevention Program (\$500)**Duration / Status:** Complete

Project Name: *Summer Career Placements Program (HRDC SCP 2003)***Description:** Kristal Atkinson was hired as a summer student to assist with the River Kids Summer education program, assist with stewardship activities such as large woody debris placement, weir building, invasive plant removal, garbage cleanup, preparation of promotional material for the Land Trust and stewardship groups, and the maintenance and inventory of equipment.**Products:** Various.**Funding approved:** \$4,736 – received in 2003**Funding agency:** Human Resources Development Canada**Duration / Status:** Complete

Project Name: *Temperature Data Entry and Analysis (DFO Temp Data)*

Description: Temperature information has been collected on a number of small local streams using electronic data loggers since 1998. The existing temperature loggers were checked, downloaded, and replaced if required. The geographic location of each data logger was determined with a Trimble GPS unit, and mapped using ArcView GIS software. The data information was compiled, formatted, and submitted to Fisheries and Oceans Canada and stream stewards for review and analysis.

Products: 5 years of temperature data transferred into a useable format.

Funding approved: \$4,000 – received in 2003.

Funding agency: Fisheries and Oceans Canada

Duration / Status: Completed early 2004.

Project Name: *Weyerhaeuser Jobs for Youth (Jobs 4Youth 2003)*

Description: Eric Garber was hired as a River Kids Summer Camp assistant.

Products: 153 participant days of programming were presented in eight different watersheds. Each day included streamside hikes with nature interpretation, arts and crafts related to fish and wildlife, active games, and healthy snacks donated by local merchants.

Funding approved: \$2,250 –received in 2003

Funding agency: Weyerhaeuser

Duration / Status: Complete.

Continuing Projects

A number of projects were initiated in 2002, and carried over to 2003. Brief descriptions follow, in alphabetical order:

Project Name: *Community Mapping for Environmental Planning (REF 2002-3)*

Description: A series of large planning maps were produced showing features considered by the community to be ecologically, recreationally, and culturally important for consideration in the updating of Campbell River's official community plan. A series of self-guided watershed walk brochures, with corresponding maps, were also produced, highlighting the natural and recreational features of five local watersheds.

Products: Nine poster-sized planning maps, and 200 copies of watershed walk brochures for each of five local watersheds.

Funding approved: \$12,000 – 50% received in 2003; 50% received in 2002

Funding agency: Real Estate Foundation of British Columbia

Duration / Status: Complete.

Project Name: *Development of Water Augmentation Opportunities in the Simms Creek Watershed (PSF Simms 2002-3)*

Description: Possible locations for refuge and water augmentation ponds were identified and mapped, and design plans for the pond creation were formulated.

Products: Eriksen, G. 2002. Simms Creek - McPhedran Wetlands: Proposed water augmentation survey and restoration plan.

Funding approved: \$4,350 –received in 2002.

Funding agency: Pacific Salmon Foundation

Duration / Status: Complete.

Project Name: *Discovery Coast Greenways Land Trust Stewardship Coordinator (SC 2002-3)*

Description: The following project goals were achieved: increased community stewardship capacity, increased awareness of fish habitat requirements, improve fish habitat mapping and inventory data, provide technical information, advice and support regarding fish and fish habitat provided to stewardship groups and communities, watershed management plan developed, and community responsibility for watershed management increased.

Products: Campbell, K. 2003. Discovery Coast Stewardship Coordination 2002 / 2003 Final Report

Funding approved: \$73,618 – 10% received in 2003; 90% received in 2002.

Funding agency: Fisheries and Oceans Canada – Habitat Conservation and Stewardship Program

Duration / Status: Complete.

Project Name: *GIS Support for Stewardship and Coastal Resource Planning (HCSP GIS 2002-3)*

Description: GIS and mapping support was provided to community stewardship groups and DFO planning staff in the Central Coast planning region.

Products: Stewardship maps for Bella Coola, Campbell River, Port Hardy, and Sayward.

Kuta, C. and Campbell, K. 2002. A guide to mapping resources available for British Columbia's Central Coast.

Funding approved: \$30,000 – 10% received in 2003; 90% received in 2002.

Funding agency: Fisheries and Oceans Canada – Habitat Conservation and Stewardship Program

Duration / Status: Complete.

Project Name: *Guide to Nature Walks of Strathcona Park, including Paradise Meadows*

Description: A trails guide for the twelve “light hikes” of Strathcona Park will be produced.

Products: Pending –

Funding approved: \$2000 – received December 2001.

Funding agency: Public Conservation Assistance Fund

Duration / Status: Due for completion in March 2004. In progress by author Christine Scott.

Project Name: *Job Creation Partnership (JCP 2002-3)*

Description: Barry Hall, Watershed Technician and Julie Sigurdson, Community Environmental Steward, completed funding research, managed stewardship equipment, collected water quality and flow data, developed watershed walk brochures, organized stewardship events, undertook trail maintenance, managed youth work projects, presented the River Kids 2002 program, and a wide variety of other activities.

Products: For details on project and products, see final project report (internal).

Funding approved: \$63,260 - 10% received in 2003; 90% received in 2002.

Funding agency: Human Resources Development Canada

Duration / Status: Complete

Project Name: *National Environmental Youth Corp Internship (CCHREI 2002-3)*

Description: Christine Kuta was hired as a Mapping Technician, and carried out a variety of GPS and GIS-related activities. The Greenways Land Trust provided on-the-job training and mentoring for the duration of the internship.

Products: As per HCSP GIS 2002-3 and REF 2002-3.

Funding approved: \$8,681 – 70% received in 2003, 30% received in 2002

Funding agency: Canadian Council for Human Resources in the Environment Industry

Duration / Status: Complete

Project Name: *Public Involvement Program 2002-2003 (PIP 2002-3)*

Description: Funds were distributed to local stewardship groups for a variety of projects, including stream restoration, fish fences, watershed planning, Young Naturalists Program, water flow studies, administration, community hatchery support, and GIS support for stewardship.

Products: Various. Inquire at GLT office for details.

Funding approved: \$20,000 – 10% received in 2003; 90% received in 2002.

Funding agency: Fisheries and Oceans Canada

Duration / Status: Complete

Project Name: *Simms Creek Water Monitoring Project (PSF Simms H20 2002-3)*

Description: Water flow and quality was monitored around a proposed water augmentation site. A fisheries technician, North Island College students, and volunteers were trained in data collection and reporting.

Products: Collinge, K. 2003. McPhedran Wetlands Water Monitoring Study.

Funding approved: \$2,100 –received in 2002.

Funding agency: Pacific Salmon Foundation

Duration / Status: Complete.

Additional Projects

During 2003, the Greenways Land Trust administered the following projects on behalf of other groups:

Project Name: *Oyster Bay Wetlands*

Description: In 2001, the Oyster Bay Group requested that the GLT administer the funds collected by the group, originally for the purposes of the acquisition of 640 acres of land currently owned by Weyerhaeuser. As of December 2003, a private investment company is in the process of purchasing the land for housing development. The funds raised by the community will be used to protect areas of the property that will not be developed, either by conservation covenant or acquisition.

Funding received in 2003: \$250

Funding agency: Private donors

Duration / Status: In progress

Project Name: *Discovery Coast Stewards*

Description: An association of local stewardship groups, collectively known as the Discovery Coast Stewards, requested that the GLT administer funds raised by the groups for the purposes of stream stewardship activities.

Products: Project reports.

Funding received in 2003: \$7020

Funding agency: Private and corporate donors, fundraising activities. Major donors include: Tide Guide Association (\$5000), Browns Bay Resort (\$1830), and Designer Drywall Association (\$530).

Duration / Status: In progress

PRODUCTS AND SERVICES

In 2003, the Greenways Land Trust continued to explore a number of organizational development strategies in an endeavour to move towards self-sustainability. GPS, GIS, and ecological inventory services were contracted out for projects being completed by stewardship groups, government agencies, businesses, and individuals. Products such as maps, nature cards, books, calendars, and crafts have been marketed on a small scale at community events and on an individual basis.

TRAINING/ WORKSHOPS

The GLT coordinated, hosted, and attended a number of workshops throughout 2003. They are listed below in chronological order.

Event: *Green Legacies Workshop*

Date: May 23, 2003

Details: Two GLT staff members attended a one-day training workshop in Duncan regarding donor options for planned giving to conservation organizations. Twenty six copies of the accompanying books, *Green Legacies*, were distributed to local accountants, notaries, and lawyers in the weeks preceding the workshop.

Event: *Eelgrass Mapping Workshop*

Date: June 13, 2003

Details: GLT staff and volunteers attended a one-day workshop presented by SeaChange Marine Conservation Society on eelgrass mapping and monitoring. The theoretical background was presented at Quinsam Hatchery, followed by a field component at Menzies Bay.

Event: *The Leading Edge National Stewardship Conference & LTABC Seminar Sessions*

Date: July 2-6, 2003

Details: GLT staff and volunteers attended a number of lectures and workshops at the national stewardship conference at the University of Victoria. Conference proceedings, research, recommendations, and other information is available at <http://www.stewardship2003.ca/>

Event: *RDCS / Land Trusts "development related covenants" meeting*

Date: September 30th, 2003

Details: The GLT hosted a meeting between the Regional District of Comox-Strathcona, the Comox Valley Land Trust, and the Quadra Island Conservancy, with guests from the Land Trust Alliance of BC, Cowichan Community Land Trust, and Habitat Acquisition Trust. The meeting was to discuss situations when the RDCS is advising landowners who are in the process of developing their property that a conservation covenant may be a viable option to protect some portions of their land. As a result, the LTABC is developing an information package for developers.

COMMUNITY PLANNING

The Greenways Land Trust commented or made presentations on a variety of planning processes, including the Campbell Lakes Development Guidelines, Development Permit Guidelines for Streamside areas, Development Permit Guidelines for the Campbell River Estuary area, Forest Practices Code Transition, Foreshore sewer line replacement, Integrated Stormwater Management Plan for Holly Hills / Perkins Road, and the development of the revised environment chapter for Campbell River's Official Community Plan, which is due to be released for public review in 2004. The GLT is part of the referral process for development applications to the District of Campbell River, and as such, provides comment on a number of smaller private development applications.

Greenways Land Trust staff or Board members were members of or regular attendees at meetings of the following groups or organizations: Campbell River Daybreak Rotary, Campbell River Noon Rotary Club, Campbell River Environmental Council, Campbell River Estuary Management Commission, DCR's Advisory Planning Commission, DCR's Development Liaison Group, District of Campbell River Stewardship Awards Committee, Land Trust Alliance of BC, Nunns Creek Stewards Society, Oyster Bay Group, Pacific Streamkeepers Federation, Seagrass Conservation Group, Simms Creek Stewardship Group, Sportsfishing Advisory Group, Storie Creek Streamkeepers, Upper Island Land Trusts Group, and Willow Creek Watershed Society.

PUBLIC OUTREACH

The Greenways Land Trust promoted the work of our organization and others at a variety of public or invited events, which are listed below in chronological order.

Event: *Presentation to District of Campbell River Council*

Date: February 3, 2003

Details: The GLT presented our annual report and a photographic summary of our activities to municipal councilors.

Event: *Presentation to Seniors Advisory Planning Commission*

Date: February 26, 2003

Details: The GLT gave a general presentation about our goals and activities to members of the Seniors Advisory Commission for the District of Campbell River.

Event: *Presentation to Daybreak Rotary Club*

Date: April 8, 2003

Details: The GLT gave a general presentation about our goals and activities to members of the Daybreak Rotary Club.

Event: *Pacific Salmon Foundation Gala Fundraising Dinner*

Date: March 22, 2003

Details: GLT staff and volunteers assisted in the coordination of this fundraising dinner, which raised over \$40,000 in support of local stream restoration projects.

PUBLIC OUTREACH – CONTINUED

Event: *Oceans Day*

Date: June 7, 2003

Details: GLT staff and volunteers participated in a celebration of Oceans Day, which was held at the Robert Ostler Park and attracted over 300 people. Stewardship displays, children's activities, and a "passport" to various information or activity stations were features of the event.

Event: *Children's Festival*

Date: July 1, 2003

Details: GLT staff promoted the River Kids program and participated in festival activities.

Event: *Haig – Brown Festival and Rivers Day*

Date: September 27-28

Details: The GLT and Discovery Coast Stewards set up displays at the Robert Ostler Park and Haig-Brown Book Fair at Campbellton School. The events were well attended, with much interest from the public in the displays.

Event: *Great Canadian Shoreline Cleanup*

Date: September 13 - 21, 2003

Details: The GLT promoted the cleanup amongst the stewardship community, and two groups of volunteers collected multiple loads of trash from the foreshore and Nunns Creek Park throughout the week.

Event: *Smart Growth BC workshop*

Date: October 25, 2003

Details: GLT staff attended this informative workshop hosted by the Willow Creek Watershed Society. The event was well attended by a good cross section of people including politicians, municipal staff, stewardship representatives, business people, and citizens at large. GLT staff followed up the workshop with an interview with the presenters of the workshop that was subsequently aired on the local Cable TV channel, Channel 10.

Event: *Quinsam Hatchery Open House*

Date: November 1, 2003

Details: The GLT and Discovery Coast Stewards presented displays and information to the public.

Event: *School presentation – Habitat and Hydro*

Date: November 17th, 2003

Details: GLT staff presented a talk about the benefits and shortcomings of hydroelectric energy to a grade 7 class at Robron Middle School, including the ways BC Hydro has contributed to habitat restoration in the Campbell River system.

LAND PROTECTION

The Greenways Land Trust follows the Land Trust Alliance of BC's "Land Trust Standards and Practices," which can be viewed at <http://landtrustalliance.bc.ca/public/product.htm#Standards>.

The Board of Directors remains active in the consideration of potential conservation covenants or land acquisitions around the community. The GLT is currently exploring options for participating in the management of the Beaver Lodge Forest Trust Lands and the Campbell River Estuary.

The GLT Executive Director worked with the Cortes Island Conservancy Society between October 20th – 24th, 2003 on the development of four conservation covenants requested by landowners on Cortes Island.

ACKNOWLEDGEMENTS

The Greenways Land Trust wishes to thank our sponsors in 2003, as listed under their respective projects. In addition, we wish to acknowledge the substantial support of the Gaming Policy and Enforcement Branch of the Ministry of Public Safety and Solicitor General. Gaming funds provide support for all of our programs.

ACKNOWLEDGEMENTS - continued

We are extremely grateful to the organizations and individuals who have made our work possible by providing volunteers, technical assistance, donations, grant funds, or in-kind support:
